DOLPHIN WEAR & DECKERS
UNIFORM SOLUTIONS

2020” A YEAR OF PERFECT VISION?

For over 30 years now, we have listened to our clients, re-inventing ourselves and working with the major brands to tailor their products to better suit your needs so as to meet the demands of a very quickly evolving industry. You will find our Key Brand partners again within the pages and we thank them for their ongoing support.

SO WHAT’S NEW THIS YEAR?

- February see’s the move of our Barcelona showroom to a bigger location just inside the main entrance of MB92 shipyard with much larger display as well as a dedicated environment to sit with clients away from shipyard life.
- We introduce 2 complete ranges of “bottoms” from YU that allow clients regardless of sex, shape or size to select models that carry the same colours and fabrics across the range and also welcome a new Fleece and a New “Boss On” Technical Polo Shirt. All these products being the answer to client requests for modern style whilst also offering continuity.
- Our updated website allows more easily the ability for you to build your own quotes whilst in our showrooms we are still ready to offer the personal touch that our industry demands, and that we love so much

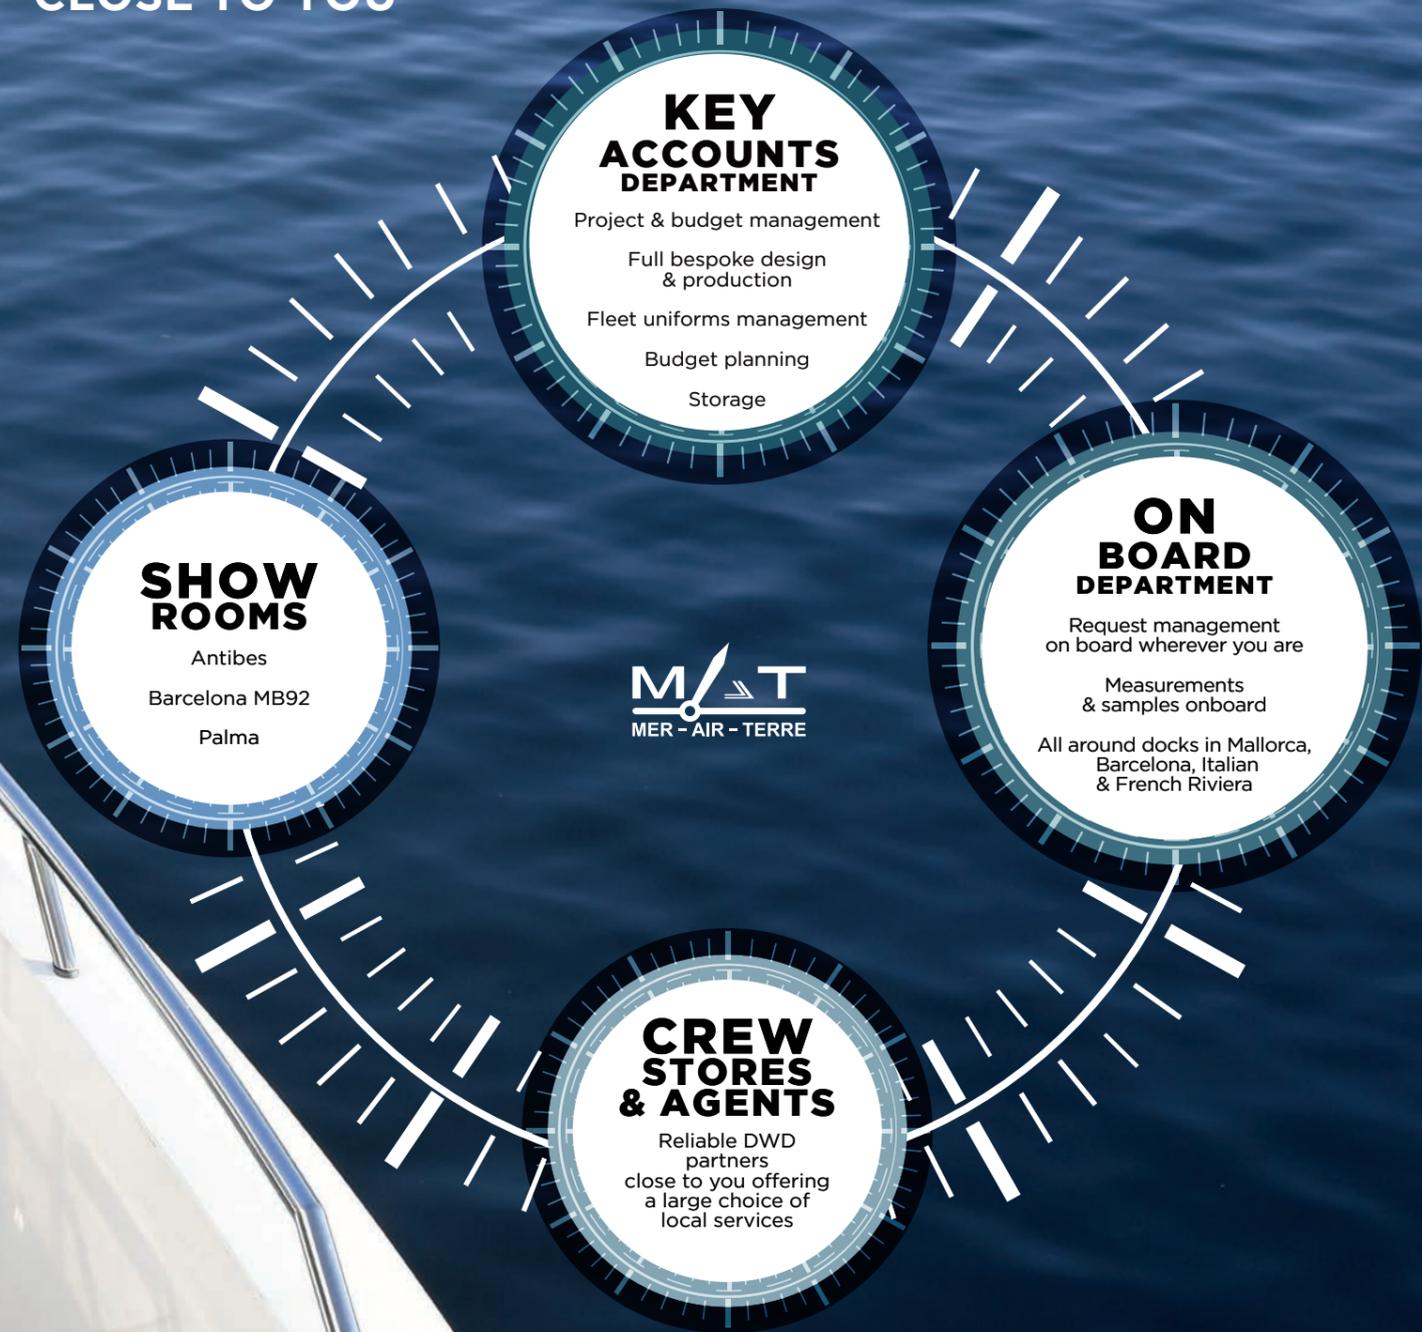

HERE’S TO A GREAT 2020 IN YACHTING.

DOLPHIN WEAR & DECKERS
UNIFORM SOLUTIONS

YOUR YACHT IS TRULY UNIQUE.

Let's work together to create a uniform to reflect this.

Whether you have your own creative flair or you're in charge of executing the owner's ideas, we are on hand to make your designs become reality. Our in-house design experts offer you three complete solutions, to help create the wow factor with your crew wear!

- **CUSTOMIZATION** - a slight modification to an existing product such as adding stripe, piping, tip or pocket detail,
- **EXCLUSIVE DRESS COLLECTION**, high-end, your style, your fit.
- **MADE TO MEASURE, Our concept, Your Vision** - a complete new design capacity of a Dress, Polo, Shirt or Bermuda using specific fabric in the colour to match your yacht's aesthetic criteria.

With our approach, DWD will warranty you the exclusivity and distinction of a full uniform collection, with the added value of knowing your own products will continue being produced year on year, never being discontinued.

Please, request some of our creative visualisation
and share with us your uniform dream.
Together, we will make it happen!

CUSTOMIZATION AS A FIRST, FAST AND DISTINGUISHED DIFFERENCE

a slight modification to an existing product such as adding stripe, piping, tip or pocket detail is the first way.

DETAILS

Up against ever-changing time constraints and itineraries, we offer you product customisation as a quicker, easier bespoke solution. From the latest state-of-the-art print and embroidery techniques, to modifying and enhancing existing products, adding piping or stripe or any detail, we invite you to optimise your crew uniform look.

EXCLUSIVE RANGE, EXCLUSIVE DRESS...

Our EXCLUSIVE DRESS COLLECTION, is an other step to give a special touch to crew ladies on board. Choosing through a first existing range over 10 models or designing the one you want, we will play together with fabrics and options in order to reach your style.

A

Z

MADE TO MEASURE EXCLUSIVE FOR YOUR YACHT FROM A TO Z

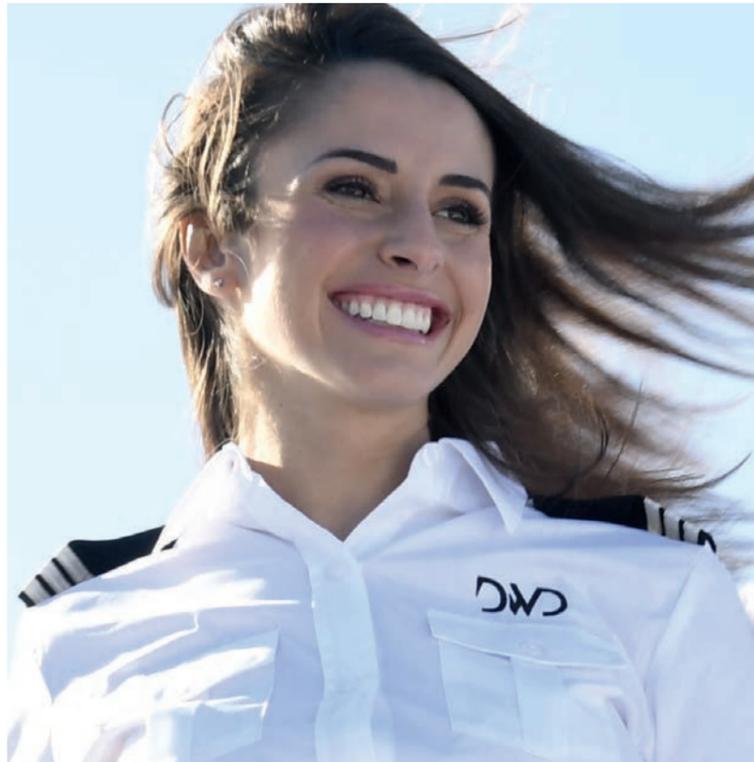

From an abstract idea, to exact specifications, you choose how much of a role you wish to play in our MADE TO MEASURE design process - while we focus on sourcing suitable fabrics, matching to your yacht's pantone, and fine tuning practical elements such as pockets, zips, belt loops and radio straps. Prices start at just 20% more than an existing product price when it's based on. After that, it all depends on the fabric and design you choose. Generally, between 40-100 pieces are produced per colour, but even just one single piece is possible on a leadtime of 2 weeks to 4 months, depending on the complexity. We record designs, colours and templates, making repeat orders and top-ups quick and easy to manage year after year.
